

# DAYSPRING

CHRISTIAN ACADEMY

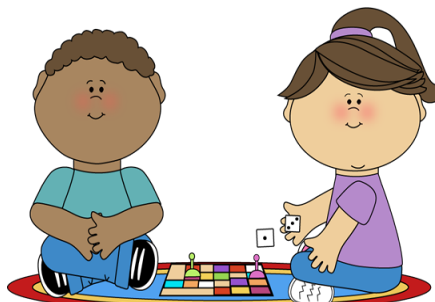

## What my child will learn in Jr. Kindergarten

### About Jr. Kindergarten

Our goal here at Dayspring Christian Academy is for each child to reach his or her full potential in all areas of growth.

As a Jr. Kindergartner, your child will have many opportunities to mature and enrich their academic, spiritual, and social/emotional development.

To accomplish these goals, we implement a well-structured program, using curriculum that promotes high academic standards in a loving and nurturing atmosphere.

### Curriculum

#### **Bible**

Positive Action Bible Curriculum teaches God's love for us through weekly Bible Stories and Bible Verses. We will also meet with our friends for a weekly Chapel.

#### **Phonics & Reading**

Abeka Letters and Sounds teaches short and long vowel sounds, consonant sounds, and blends with vowels.

#### **Mathematics**

Abeka Number Skills teaches math fundamentals that will prepare your child for Kindergarten.

#### **Social Science/Science**

Taught from a biblical perspective, with several opportunities for age-appropriate lessons and projects to help your child understand the world around them.

### Specials

#### **Library**

Our librarian, Miss Ottoson helps foster a love of books and reading in the library. Students visit the library every week for interactive storytime! This gives them a head start with the Accelerated Reader program.

#### **Music**

Mrs. Vander Stelt is our Music teacher. Not only does she teach your child about music, but she also puts together two wonderful programs that your child will present to you at Christmas and in the Spring.

#### **P.E. & Recess**

Children will have three recess times throughout the day, and will attend P.E. twice a week. Miss Davies will work with the children to strengthen their large motor skills, learn god-honoring sportsmanship, and get their bodies moving!
